The Fine Print

You may copy, email and reproduce this info, and give it to any small business owner, but you cannot sell it or make money from it. I am supposed to be doing that. If you share it, it would be nice if you included my name, contact info and this blurb. This info is meant to help small business owners. If it works, great, if not - don't blame me. I would like to hear how you are using it, and will be happy to answer questions. Enjoy! All rights reserved.
